The Indio Police Department Cadet Post 150 is a program aimed towards youth between the ages of 14 and 18. The Cadet program is a volunteer based program which can be very rewarding...

The Cadets provide assistance to the police department by helping with traffic control, crime prevention programs, public relations, station duty, records, special events, dispatch, cadet bicycle team, cadet honor guard and the police department's mobile police station.

In the Cadet program, youths are educated in things regarding the justice system, and are able to explore the many branches of law enforcement. They are also exposed to various careers in the community, as well as help advance the knowledge of law enforcement in the community.

As an Indio Police cadet, everything is provided for you. You have the ability to ride along with Police Officers, participate in decoy programs, and the opportunity and experience that will later be an asset in your future!
